

W. Natch

As an organization that is aware of the importance of reducing waste for a healthy environment, a healthy economy and healthy lives,

We pledge to strive for **ZERO WASTE.**

Over the next 3 months, we hope to accomplish these 3 goals:

- Increase compost access through more compost bins, better bin placement & using BioBags to help collect sticky compostable materials
- Create an area to collect hard to recycle materials and have them recycled
- Have staff trainings with all staff
- Have recycling, landfill and compost signs on all bins throughout the facility
