

As an organization that is aware of the importance of reducing waste for a clean environment, a vibrant economy, and healthy lives, **we pledge** to strive for **ZERO WASTE**.

Over the next year, we plan to accomplish these 3 goals:

- Implement a paper towel compost program.
- Increase compost capture and capacity by striving to compost all food waste (including pre- and post-consumer), and educating staff, volunteers, and tenants with increased signage.
- Include Zero Waste policies and information in agreements with organizations using UCM as an event space.
