

As a school that is aware of the importance of reducing waste for a clean environment, a vibrant economy, and healthy lives,
WE PLEDGE to strive for **ZERO WASTE**.

Over the next year, we plan to accomplish these 3 goals:

- Participate in a contest or other activity to increase participation and awareness of the recycling program.
- Explore alternative options for recycling collection, maybe including recycling collection in the janitorial contract for next school year.
- Explore options for eliminating Styrofoam trays in the lunchroom.
