

As a school that is aware of the importance of reducing waste for a clean environment, a vibrant economy, and healthy lives,
WE PLEDGE to strive for **ZERO WASTE**.

Over the next year, we plan to accomplish these 3 goals:

- Improve signage for and placement of recycling and trash containers throughout the building.
- Recycle all paper waste, including construction paper and collect scrap paper for school reuse.
- Educate the students about reducing waste and recycling, including how to keep the recycling bins from getting “contaminated” with non-recyclables.
