

As a business that is aware of the importance of reducing waste for a clean environment, a vibrant economy, and healthy lives,
WE PLEDGE to strive for **ZERO WASTE**.

Over the next year, we plan to accomplish these 3 goals:

- Increase recycling participation by co-mingling all recyclables: cans, plastic and glass bottles, paper and paperboard within your collection bins.
- Include paper and paper board among your mixed recyclables.
- Co-locate trash and recycle bins so that recycling is always an option near trash receptacles and use uniform style of bins for recycling so they are easily recognizable.
