

As a business that is aware of the importance of reducing waste for a clean environment, a vibrant economy, and healthy lives, **we pledge** to strive for **ZERO WASTE**.

Over the next year, we plan to accomplish these 3 goals:

- Replace landfill bins in the kitchen with compost bins to reduce the amount of bags being sent to landfill, and increase composting efficiency.
- Restructure bussing station to increase opportunities to recover post-consumer food waste.
- Explore opportunities to broaden the amount of items included in compost collection (i.e. paper towels from bathrooms.)
