

As a school that is aware of the importance of reducing waste for a clean environment, a vibrant economy, and healthy lives,
WE PLEDGE to strive for **ZERO WASTE**.

Over the next year, we plan to accomplish these 3 goals:

- Improve placement of and access to recycling and trash containers throughout the buildings to increase recycling success.
- Add illustrated signs for recycling bins and trash cans that clearly inform where items should go.
- Start a compost program using the school's food waste and paper towel /lunchroom napkin waste.
