

WE 2020 PLEDGE CLEAN ENERGY

Rural Action

LEARN ABOUT THE PLEDGE AT RURALACTION.ORG

Rural Action Sustainable Energy Solutions Clean Energy Pledge connects nonprofits and small businesses with available technical and financial resources to achieve energy conservation, renewable energy, and clean transportation goals.

We will work with you to set goals, track energy usage, and find effective technologies, such as solar and EV Charging Stations. Energy Stewards® online software helps your nonprofit or small business benchmark your utility use. Energility, an energy management firm, provides periodic educational webinars for pledge participants.

PLEDGE BENEFITS

- ▶ Energy Use and Savings Report
- ▶ ENERGY STAR® Portfolio Manager Account
- ▶ One hour energy consultation and training
- ▶ Energy Stewards dashboard tracking
- ▶ Free advertising on Rural Action SES website and social media page
